This BAHIA FOUNTAINE PAJOT offers 3 double with private bathroom and toilets en-suite. Though she is not a recent production, she offers lots of space with her large cockpit and generous cabins.

The catamaran, which has been sailing since 2004, is the perfect manned sailboat for the Guna indigenous archipelago. This huge and impressive catamaran is the ideal one to get close to the turquoise waters of the San Blas beaches.

She is fast and powerful when sailing; in addition to its great balance and stability, thanks to the easy handling of the Genoa headsail.

STANDARD CATEGORY

The BAHIA 46' was specially designed for comfortable trips of 6 guests plus one in walkthrough accommodation. The most private layout you can dream of: 3 double cabins with toilet and shower en-suite.

This spacious catamaran has a stylish command post in its vast but well-protected cabin. The spacious cabin allows free movement of guests. The lounge of this catamaran is spacious and includes a magnificent bar that separates its spaces. Available water purifying fountain and ice maker machine.

The catamaran offers an impressive amount of space both on deck and inside, which is very important when anchoring, when each guest is looking for a great place to sunbathe, another wants to enjoy the lounge to review photos or read in the shade, and another group is enjoying a drink in the large shaded cabin.

Easy access to the sea is provided by the two crossbars and their ladders.

The crew

Alissa and Liebert will be your crew during your stay aboard **Nikita**.

Liebert, the captain, has been trained for almost 10 years by his son Niño: he now knows the san blas routes very well and will show you the best anchorages as well as he will be your ambassador when visiting the indigenous communities. He speaks Guna and Spanish, and some basic English.
